# Safety Data Sheet (SDS)

Created: December 15 2022

(First Edition)

### 1. CHEMICAL PRODUCT AND COMPANY INDENTIFICATION

Product Name CRP Calibrator Set (Level 1, 2, 3, 4, 5, 6)

Product Code 21C604

Company name, address and phone UMA Co., Ltd

 number
 2-19-6, Yokosuka, Matsudo, Chiba-ken, 2700-0031, JAPAN

 Emmergency number
 Phone: (+81) 47-710-4871 FAX: (+81) 47-710-4872

Recommended usage and restrictions For the calibration of C-reactive Protein *in vitro* in usage Never use other instruments than UMA Co. Ltd designated

instruments

### 2. SUMMARY OF HAZARDS

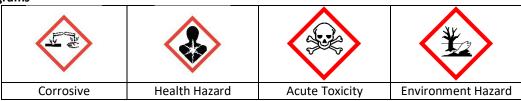

#### **GHS Classification**

Hazardous substance: Sodium Azide

#### Classification of the substance or mixture

Acute toxicity - Oral Category 2 Acute toxicity – Dermal Category 1 Skin corrosion/irritation Category 1C Serious eye damage/eye irritation Category 1 Specific target organ toxicity (single exposure) Category 1 Specific target organ toxicity (repeated exposure) Category 1 Aquatic environment (acute hazard) Category 1 Aquatic environment (long-term hazard) Category 1

#### **Pictograms**

# **Hazard statements**

- H314 Causes severe skin burns and eye damage
- H318 Causes serious eye damage
- H300 Fatal if swallowed H310 Fatal in contact with skin
- H400 Very toxic to aquatic life
- H410 Very toxic to aquatic life with long lasting effects
- H370 Causes damage to the following organs: cardiovascular system, central nervous system, lung, systemic toxicity
- H372 Causes damage to the following organs through prolonged or repeated exposure cardiovascular system, central nervous system, liver

### Precautionary statements - (Prevention)

- Do not breathe dust/fume/gas/mist/vapors/spray
- Wash face, hands and any exposed skin thoroughly after handling
- Wear protective gloves/protective clothing/eye protection/face protection
- Do not eat, drink or smoke when using this product
- Avoid release to the environment

# Precautionary statements - (Response)

• IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

- Immediately call a POISON CENTER or doctor/physician
- IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with wash contaminated clothing before reuse.
- IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
- IF SWALLO WED: Rinse mouth. DO NOT induce vomiting.

#### Precautionary statements - (Storage)

Store locked up.

#### Precautionary statements - (Disposal)

Dispose of contents/container to an approved waste disposal plant.

# 3. COMPOSITION/INFORMATION ON INGREDIENTS

Pure substance or Mixture: Mixture

Buffered Saline

Darrer ea Santie

• Sodium Azide (CAS: 26628-22-8) < 0.1%

#### 4. FIRST AID MEASURES

Inhalation Remove to fresh air. If symptoms persist, call a physician.

Skin contact Wash off immediately with soap and plenty of water. If symptoms persist, call a

physician.

Eye contact IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if

present and easy to do. Continue rinsing. Immediate medical attention is required.

Ingestion Rinse mouth. Never give anything by mouth to an unconscious person. Call a physician

or poison control center immediately. Do not induce vomiting without medical advice.

### 5. FIRE FIGHTING MEASURES

Extinguishing Media There is no fear of ignition and combustion.

Extinguishing Media Not to be Uesd No information

Special Firefighting Method No information

Specific Hazards No information

Protection of Firefighters Firefighting is done from the windward, avoid steam, the

inhalation of smoke. Wear personal protective equiment.

# 6. ACCIDENTAL RELEASE MEASURES

Precautions for Human health, Protective Equiment and Emmergency Measures

During work, wear protective equiment.

Environmental Precautions Leakage has been the product is discharged into river and

the like, be careful not to cause damage to the

environment.

Recovery/Neutralization The leaked liquid is recovered as much as possible, and

the rest will be incinerated by absorbing cloth, in rag and the like. Not be recoverable liquid, wash away thoroughly

diluted with plenty of water.

### 7. PRECAUTION IN HANDLING AND STORAGE

# Handling

Technical Measures Wear protective equiment to avoid contact with eyes, skin and

clothing.

Precautions Avoid accidentally swallowing. Wash thoroughly your hands and face

after handling. Tumble the container, do not handle it roughly, such

as dropping it or applying an impact.

Precautions for safe handling Do not eat or drink when using. Avoid contact with skin, eyes and

nose. Wash thoroughly your hands and face after handling.

Storage

Storage conditions Store at refrigerator and dark (2-8°C). Do not use a past product of

the expiration date or a product which grew of the sediment.

### 8. EXPOSURE CONTROLS AND PROTECTION MEASURES

Facility measure Not set Control concentration Not set **Exposure Equiment** Not set

**Equiment measures** Install a hand-washing facility nearby and clearly

display its location.

**Protective Equiment** 

**Protective Mask Respiratory Protection Hand Protection** Protective Glove **Eyes Protection Protective Goggles** 

Skin and Body Protection Protective Boots, Protective Clothing, Rubber

Apron as need

No data

# 9. PHYSICAL AND CHEMICAL PROPERTY

Physical state Liquid Color Colorless Smell Odorless Melting point/freezing point No data Boiling point or initial boiling point and boiling No data

point range

Nonflammable Flammable Lower explosive limit/upper explosive limit Not applicable Flash point Nonflammable Spontaneous ignition point Not applicable Decomposition temperature Not applicable No data No data Kinematic viscosity

Evaporation rate Easily souble in water Solubility

Vapour pressure No data Density or ralative density 1.01 Relative gas density No data

Particle characteristics Not applicable

### 10. STABILITY AND REACTIVITY

Chemical stability Stable in normal handling

Reactivity Non-reactive under normal handling

Possibility of dangerous adverse reactions

Dangerous polymerization No dangerous polymerization reaction occurs

Condition to avoid No data

Dangerous subtances to touch Nothing in particular

Hazardous decomposition product No data

#### 11. TOXICOLOGICAL INFORMATION

There is no data as product (the following information is reported with contained ingredients)

Hazardous substance: Sodium Azide

Acute toxicity (lung) Rat: LD50 45 mg/kg, Mouse: LD50 27 – 45 mg/kg

Acute toxicity (larva) Rabbit: LD50 20 mg/kg

Skin corrosion/irritation Rabbit: Roughness reported in 4hrs to the eyes

Serious damage/irritation It is inferred from skin rust and irritation

Specific target organ (single exposure) Knowledge of effects on

respiratory/gastrointestinal etc.

Specific target organ (repeated exposure) Knowledge of effects on the liver in animal

experiments.

#### 12. ENVIRONMENT HAZARDS

No data as product

### 13. DISPOSAL CONSIDERRATIONS

Residual Wastes When discharging, dilute with a large amount of water and

discharge

Container and Package Container should be cleaned and recycled, or property

disposed of in accordance with revelant regulations and local

government standards.

When disposing of empty containers, completely remove

residues retained in the containers.

# 14. TRANSPORT CONSIDERATIONS

International rules None Domestic rules None

Specific safety measures and Avoid direct sunlight and transport at  $2 - 8^{\circ}$ C. Avoid falling, conditions for transportation dropping, and sideways to prevent collapse of the load.

| 15. APPLICABLE LAWS AND REGULATIONS                                    |                    |
|--|--------------------|
| Poisonous and Detelerious Substitution Control Law                     | N/A                |
| Occupational Safety and Health Act                                     | N/A                |
| Act on Promotion of Control of Chemical Substance Emissions Management | N/A                |
| Other hydro pollution control method                                   | N/A                |
| Pharmaceutical Affairs Law   | In Vitro Diagnosis |
|  |                    |
